EDUCATION

Certificate | Full-Stack Web Development

CareerFoundry   Jan 2023 - Sept 2023

- Intensive training in Javascript, HTML, CSS, and Python through project-based learning and mentorship, using relevant frameworks and libraries.

Certificate | Data Science

Thinkful August 2018 - July 2019

- Machine learning engineering training emphasizing supervised and unsupervised techniques in data science through Python and prominent libraries.

Bachelor's of Arts in Economics

University of Hawaii at Manoa
Honors: *magna cum laude*

WEB DEVELOPMENT PROJECTS

myFlix & myCinema

- Established database (MongoDB) for movie and user data
- Created RESTful API with Node.js and Express, and business logic using Mongoose for database interaction
- Deployed API to Heroku and tested all endpoints with Postman
- Maintained version control through git and produced all documentation hosted on a GitHub repository
- Built two client-side, single-page, responsive apps for user interactions using React and Angular, respectively

  React UI GitHub   Angular UI GitHub   API

ChatApp

- Designed and built a React Native messaging app in Expo
- Instituted messaging and media storage with Firebase/Firestore
- Built chat interface with Gifted Chat
- Tested all functionality across iOS and Android in emulators

  GitHub

PROFESSIONAL EXPERIENCE

Operations Specialist | Tesla Inc. | Hawaii | Oct 2020-Oct 2022

- Liaised between customers and multiple internal departments for smooth sales and deliveries, and achieved record quarterly yields
- Contributed to the development of business operations across multiple departments and scaled Hawaii market share by 115%

ESL Teacher | ILA Vietnam | Vietnam | Dec 2019-May 2020

- Designed curriculum and presentation material for all classes to ensure maximum learning opportunity for all students
- Influenced general approach and implementation of teaching methodologies at the school to drive higher rates of positive learning outcomes

Data Consultant | Kalinax | Portugal | July 2019-Aug 2019

- Advised on strategy and execution of consultations for multinational corporations seeking growth and optimization
- Contributed to a multi-agency collaborative environment to produce holistic and impactful deliverables for the end client

Freelance Market Analyst | Kalinax | Remote | Mar 2019-July 2019

- Researched and advised on best practices for HR dashboard design to enable expeditious delivery of consultations to multinational conglomerates
- Worked closely with consultants to ensure all deliverables are relevant and efficient for implementation in final consultations
